

Benefits of Adelman Travel's Hotel Solutions:

Compliance

Encourages travelers to book hotels within corporate travel policy

Risk Management

Improves ability to provide duty of care to travelers

Cost Savings

Increases ability to negotiate favorable hotel rates

Satisfaction

Improves travelers' hotel experience—from reservation through checkout

Our proprietary solution **Infinite Search Plus**

- Continuously searches for lower hotel rates
- Automatically rebooks if lower rate is found
- Factors in travel policy, savings goals and hotel penalties
- Savings displayed via reporting dashboard

Hotel Attach Technology

Adelman provides hotel booking technology designed to create a seamless reservation experience. Our solution:

- Reviews reservations that do not contain a hotel
- Searches for corporate preferred hotels
- Suggests a hotel with a click-to-book feature

Proactive Sourcing

Ensuring an average rate savings of at least 20%

- Analyze and consult
- Contract negotiations
- Data sourcing
- Reporting
- Rate audit

Single Source for Best Rates

- Tiered hotel program
- Global hotel network offering rates at over 43,000 hotel properties in 179 countries
- Adelman Hotel Collection features luxury and boutique properties
- Access to Booking.com and Airbnb
- Customer negotiated rates
